President in Message to Congress
Calls For Legislation to Make
Democracy Prevail

SAYS TWO COURSES ARE OPEN

United States May Set Example in
Own Borders and Stand For
Justice Toward Others

Washington, Dec. 7.—Here are
the outstanding points of Presi-
dent Wilson's message:

The day has come when democ-
racy is being put to its final
test. I earnestly hope that the
first step taken by the present
congress will be to pass the
budget bill.

The fundamental facts which
at present dominate the govern-
ment's financial situation are the
seven and one-half billion dollars
of this war indebtedness to be
paid off in the next two and one-
half years.

Simplification of the income
and excess profits tax has become
an immediate necessity. In brief,
the immediate legislative needs of
the time is the removal of all
obstacles to the realization of our
best ambition for our people.

I earnestly suggest that the
congress authorize the treasury
to make to the struggling govern-
ment of Armenia such a loan
as made to several allied govern-
ments during the war.

It is now our liberty and our
duty to keep our promise to the
Filipinos, by granting them the
independence which they so
earnestly covet.

(By United Press)

Washington, Dec. 7.—President
Wilson today called on congress to
enact a program of legislation which
he said would put the United States
in the forefront of a move to make
the spiritual power of democracy
prevail throughout the world.

In his final regular message to
congress which was sent to the two
houses today by messenger, the
president said there are two ways
in which the United States can lead
in establishing the doctrine of
"right makes might in the world."
These ways he said are:

First, by offering the example
within her own border of the will
and power of democracy to make
and enforce laws which are unques-
tionably just and which are equal
in their administration.

Second, by standing by right and
justice as toward individual na-
tions.

The president declared that the
display of an immediate disposition
on the part of congress to remedy
any injustice or evil that may have
shown themselves in our national
light will afford much effective off-
set to forces of chaos and tyranny
which are playing so disastrous a
part in the fortunes of free people
in more than one part of the world.

Wilson did not mention the peace
treaty nor the league of nations in
his message but submitted the fol-
lowing program to carry out the
aims he outlines.

1—Immediate passage of the bud-
get bill.

2—Strict economy in government
appropriations.

3—Immediate revision of tax
laws.

4—Immediate provisions for dis-
abled soldiers and sailors.

5—A government loan to Armen-
ia.

6—Granting of independence to
the Philippines.

In addition, the president re-
peated recommendations he made in
previous messages urging encour-
agement of manufacturing of dye
stuffs and related chemicals in con-
trol of the cold storage and federal
licenses for all corporations engaged
in interstate commerce as a means
of reducing the cost of living.

FAILS TO OUST A TENANT

Elizabeth Mitchell Loses Suit For
Possession Against Fanny Ayres.

The case of Mrs. Elizabeth Mit-
chell against Mrs. Fanny Ayres
which was tried yesterday afternoon
in Squire Stech's court, was decided
in favor of the defendant. It de-
veloped that the house over which
the case involved, was rented in Sep-
tember and that 90 days' written no-
tice to vacate was not given. The
decision of the court gives the de-
fendant right to occupy the property
until next September.

Jasper D. Case today filed suit in
this court against Walter Meredith
of Milroy, for possession of a house
and for \$200 damages. The com-
plaint states that the rent is in ar-
rears and that the defendant tore
down a barn and used it for his own
use, and for these two causes the
plaintiff seeks \$200 damages. The
trial was set for Monday afternoon
at 1 o'clock.

FAILS TO PAY COURT COSTS AND IS JAILED

Howard Schoemel Goes to Jail Be-
cause He Didn't Make Payments
Due in Circuit Court

CASE HEARD ON SEPT. 23

Howard Schoemel was arrested
yesterday afternoon late in Con-
nersville by Deputy Sheriff Hugh
Jones, on a bench warrant from the
circuit court, charging him with
failing to pay his fine and court
costs in a case in the juvenile court,
in which a jury found him guilty of
child neglect on September 23.

It will be recalled that Schoemel
and his wife were arraigned in court
on that date, after neighbors living
in the vicinity of the Havens school
building had complained to authori-
ties about the parents abusing a
three year old baby.

The jury which heard the case
against the parents in the juvenile
court found Mr. Schoemel guilty but
Mrs. Schoemel was found not guilty.

The fine was placed at \$25 and
costs, which in all amounted to
\$77.20. The defendant paid \$10, and
a balance of \$67.20 remains un-
paid. As the defendant has had over
two months to make payment on the
remainder, his arrest was ordered,
and he will be compelled to remain
in jail 67 days or pay the costs.

The family reside in West Third
street, and Schoemel was employed
in Connersville, where he was arrest-
ed.

FRED NIXON DIES IN NEW YORK HOSPITAL

Former Rushville Man Expires of
Cancer of The Throat Following
an Operation

STANDARD OIL CO. EMPLOYEE

Word has been received here of
the death of Fred Nixon, formerly
of this city, at a New York hospital
following an operation for cancer
of the throat. Mr. Nixon had lived
for a number of years at New York
where he was employed at the gen-
eral offices of the Standard Oil
Company at 26 Broadway. The de-
ceased was married and is survived
by the widow and children.

Fred Nixon was a son of Mr. and
Mrs. Charles O. Nixon and came to
Rushville from Carthage, where he
was born, with his father who
served as recorder of Rush county
several years ago. He attended the
local public schools, later moved to
Indianapolis and went from there to
New York. He spent about three
years in Central and South America
in the employ of the Standard Oil
company.

He is survived by his father C.
O. Nixon, and a sister Grace, in
addition to the widow and children.
He was a cousin of Bert Mullin of
this city and a nephew of Lee Nixon
at one time a federal officer in Porto
Rico, but now of Indianapolis.

Funeral services and burial will
be held in New York on Wednesday.

CHRISTMAS JUST 'ROUND THE CORNER

With Only Fifteen Days Left to
Shop, People Begin to Prepare
For Holiday Season

LOCAL STOCKS ARE FULL

Fact That Prices in Some Lines Are
Lower Than Last Year Assures
a Brisk Trade

Christmas is "just around the
corner."

There is more truth in this as-
sertion than some people may im-
agine. With only fifteen more days
for shopping, patrons of Rushville
stores are beginning to realize that
the holidays are drawing near, al-
though the weather gives no indica-
tion of it, and are already filling
their Christmas needs.

It is a wise person who shops
now because the local stocks, are
complete. Merchants with their
shelves and counters stacked high
with holiday goods, are expecting a
heavy Christmas trade, and a
glimpse in the stores any day now
will convince the most skeptical
that they are not going to be disap-
pointed.

There will be no need for Rush-
ville people to shop elsewhere this
year, for the local stores and shops
are replete with choice Christmas
supplies and if one is inclined, it
will be an easy matter to make se-
lections for the most fastidious per-
son. For many months the mer-
chants have been receiving holiday
goods, and while they have not been
displayed until the past few days,
the supply is of the very best and
sure to delight the hundreds who
will participate in giving and ex-
changing Christmas presents.

The drygoods stores are taking on
a lively atmosphere and already
some of the merchants have engaged
extra clerks to help during the hol-
iday season. The novelty stores, the
shoe stores, jewelry stores and even
the candy stores are being brighten-
ed a little more each day by the ap-
pearance of bright Christmas trim-
mings and in a few days the Christ-
mas decorating will begin in earnest.
Red poinsettias, an exclusive
indication of Christmas times, are
being used to brighten every show
window and counter in the stores
and no one can enter a store in the
entire city without being reminded
of the approach of Christmas.

The merchants are preparing to
take care of the Christmas trade
and insofar as the prices in some
lines of trade will be lower this
year to some extent than for the
past few years, makes it almost
sure that the trade will be brisk.
There has been a decline in prices
in some lines and this with the
special prices usually fixed for the
holiday trade, the inducement will
be doubly great.

This not only applies to lines of
merchandise ready to wear goods
and such, but to all articles even
down to the great mass of articles
at the five and ten cent stores. And
that is where the kiddies will come
in for their share of the profits this
Christmas. Toys galore, tree trim-
mings more gorgeous than ever,
dolls and everything can be had just
a little cheaper and the tots who
have saved up their pennies for
many a long day for just such a
time, will get their money's worth.
Even candy is going to be had for
less money, there already being a
decline in the cheaper grades and
this speaks well for the kids and
some who are much older.

HOG CASE STARTS IN CIRCUIT COURT

Suit of Innis Against Colter and
Archey For \$2,000 Damages
Heard by Jury

TO LAST THROUGH WEDNESDAY

Names of Ten Special Veniremen
For Account Suit to Start
Wednesday Are Drawn

The case of Innis vs. Colter and
Archey, in which the plaintiff seeks
\$2,000 damages, began this morning
in circuit court.

The plaintiffs, Alonzo Innis and
Hubert Innis of Milroy, are suing
Samuel Colter and Edgar Archey,
alleging that they purchased hogs at
a public sale held in Hope, Ind.,
which were diseased with cholera,
and which were guaranteed to be
double immuned.

The case is the second one of
this nature which has been heard
here, with the two defendants on
trial for selling the hogs at the
sale in Hope.

The case will probably occupy the
court tomorrow and will not reach
the jury until some time tomorrow
afternoon. Several witnesses, in-
cluding veterinarians, will be used by
both sides during the trial.

The jury was empanelled shortly
before ten o'clock this morning, and
not much trouble was experienced in
securing a jury.

The jurors selected are: Seth
Moore, Mont Sefton, Will Bain-
bridge, John Ricketts, Charles
French, Elijah Billings, Charles
Leisure, S. R. Newhouse, Peter Hol-
lowell, J. A. Jones, W. A. Caldwell
and Berry Osborne.

For the case Thursday of Morris
vs. Wevee, ten special veniremen
were drawn and are as follows: Wil-
lard Amos, George Aultman, Aaron
Wellman and Wood C. Bishop, all of
Rushville township, Thomas E. Dyer
of Posey; Orlando Nicholas, Union;
John C. Benning, Orange; William
M. Cassidy, Walker; John Smith,
Jackson and Joseph Harcourt, And-
erson.

This case is a suit on an account
against Leonard Wevee, a farmer,
which was filed by John B. Morris
of this city, who alleges that pay-
ments on a motor tractor are
past due and that he is unable to
collect.

CONCERT COMPANY PLEAS

Entertainers on American Legion
Course Warmly Received

The program by the June Elliott
Concert company, second of the
numbers of the American Legion
lyceum course here this winter, was
appreciated by a fair sized audi-
ence at the Graham Annex auditor-
ium Monday evening.

The entertainers offered the most
varied and attractive lot of insiru-
mental and vocal music heard here
for many months and the response
it received disclosed the apprecia-
tion of the crowd. The numbers by
Miss Elliott were especially pleasing
and the work of the whole company
was regarded as exceptional.

FUNERAL SERVICES TODAY

Held For Daniel Rader, Orange
Township Man Dead at Newcastle

Short funeral services were held
at Forest Hill cemetery in Shelby-
ville this afternoon for Daniel Ra-
der, age eighty years, a former res-
ident of Orange township, who died
at the home of his son Sunday of
a complication of diseases brought
on by his advanced age.

The most of his life Mr. Rader
lived just this side of the Rush-
Shelby county line and had a wide
acquaintance in both counties. He
served during the civil war and was
a member of the G. A. R. post at
Shelbyville, which had charge of
the services this afternoon. His wife
died several years ago. Several
sons and daughters survive.

NO SPECIAL TRAIN TO BE RUN

Railroads Want 125 Passengers For
One to Columbus

The plans for running a special
train to Columbus for the basket-
ball game Friday night were dropped
this afternoon when it was learned
that the Pennsylvania or Big Four
railroads wanted 125 tickets sold at
the regular price, before considering
the proposition. Those undertaking
the plan were afraid that 125
tickets could not be sold. It was
thought at first that probably 100
tickets could be sold, but either
railroad would not run a train for
less than 125 passengers. The bas-
ketball team will go to Columbus
Friday night on the 4:45 Pennsyl-
vania train and if enough fans ac-
company the team the game will be
called early so that the return may
be made by the way of Indianapolis
on traction cars.

ACTION IS TAKEN ON TWO ROAD PETITIONS

Commissioners Approve Report of
Reviewers on Roth Highway and
Continue Further Steps

TWO BONDS ARE APPROVED

The county commissioners, at
their regular December session Mon-
day and this morning, approved the
bonds of two county officials who
take office January 1 and took ac-
tion on two road petitions which
were presented for their considera-
tion.

The board examined and approved
the report of the reviewers on the
William E. Roth et al. macadam
highway in Orange township and
continued until a later date further
steps in the proceedings. The sup-
plemental report of the reviewers
was also approved.

Preliminary matters being attend-
ed to in the petition of Fanny B.
Wilson and others for a road in
Ripley township, the question was
referred to the viewers, Willard
Amos and Homer Power, and the
county engineer, Frank Catt.

Bonds of Loren Martin, clerk of
the court for \$25,000 and Phil Wilk,
auditor-elect, for \$10,000 were ap-
proved and accepted by the board.

URGED TO OPPOSE PROFIT TAX REPEAL

Federation Convention Warned

FAVOR PROTECTIVE TARIFF

Pres. J. R. Howard Says Sentiment
Solidifies Behind Program to
Favor Agriculture

(By United Press)

Indianapolis, Ind., Dec. 7.—Farm-
ers were urged to stand squarely
against the proposal to repeal the
excess profit tax and substitute a
new one designed to make up the
deficit in the federal revenue, by H.
C. McKenzie of Walton, New York,
chairman of the committee on taxa-
tion of the American Farm Bureau
Federation, in a speech before to-
day's session of the annual confer-
ence of the federation here.

McKenzie asserted that the move
is being fostered by big business
which is making an effort to shift
the burden to the shoulders of the
consumer.

Demands for a protective tariff
covering the farmers' products are
features of the conference.

President J. R. Howard declared
today that sentiment from all sec-
tions of the country is solidifying
behind the tariff program, although
in the past farmers have been re-
garded as free traders.

"Our tariff demands are not rad-
ical," Howard said. "All that we
want is tariff legislation as a pro-
tection to agricultural products."

causing a property loss estimated at
\$131,500 this morning to a building
in the heart of the business section
of the city.

The main floor was occupied by
stores and the second floor by the
Auditorium theater, the largest mov-
ing picture house in the northern
part of the state.

this morning and the firemen had it
under control at 10 o'clock.

ALYEA IS SUED FOR A DIVORCE AND ALIMONY

Defendant in Conspiracy Case in
Rush Circuit Court Accused
by Anna Alyea

AWAY FROM HOME AT NIGHTS

Gregg Alyea of Greensburg, who
is out on bond given in the Rush
circuit court after his arrest on a
conspiracy charge, was sued for
divorce and \$2,000 alimony in the
Decatur circuit court Monday.

The trial of Alyea, who was ac-
cused jointly with the Demaree
brothers and others after their im-
plication in robberies here, has never
been set because arrangements
have never been completed for a
special judge. When the state and
defense attorneys were unable to
agree on a judge one was appointed
by Gov. Goodrich at the request of
Judge Sparks, but he has never
qualified.

The plaintiff states that the de-
fendant would remain away from
home for several nights at a time
and asked for meals to be prepared
at any hour which the plaintiff
claims she did. It is also alleged
that the defendant expended the
sum of \$100 per month on a large
auto owned by him.

Were You One of Them?

Shop Early in the Day

Saturday, even though weather conditions were not conducive to big business, our Pre-Xmas Sale opened with a crowd of eager and thrifty shoppers and we were crowded most of the day. It looked as if the one main thought and assurance in every shopper's mind was "you'll do better at Hogsett's." Yesterday, we were

pleased to see so many eager shoppers taking advantage of our holiday bargain event.

It takes courage to slash prices with such severity, WHEN A STANDARD LINE OF MERCHANDISE IS CONCERNED LIKE WE CARRY, BUT we believe it good business to take these staggering reductions in order to have our stocks in accord not merely with present economic conditions, but in conformance with the anticipated bedrock basis of the future.

HOTEL CLERK TESTIFIES

A person often does more good than he realizes when he tells a suffering friend how to get well. J. N. Tohill, clerk Lottie Hotel, Evansville, Ind., writes: "For weeks I suffered constantly with pains in the muscles of my thigh. I was treated by the doctor for rheumatism but found no relief. Upon recommendation of a friend, I tried Foley Kidney Pills and began to get relief almost immediately." Good for backache, rheumatic pains, stiff joints, sore muscles. F. B. Johnson.—(Adv.) 5

No Time For Pessimism

This is no time for pessimism. If we listen to the element today which is painting a black picture for the future, we are ruined. It is our duty as American citizens to take the position of the optimist—that is the only way to avoid depression and ruin.

Some of the metropolitan press can see nothing but despair ahead for American business. Why they should take that position, it is difficult to imagine. It is true that a readjustment is taking place, but it has been gradual and will continue to be if the American business men and the consumers sit tight and do not allow themselves to be swept off their feet by the yelping calamity howlers.

The movement of prices toward lower levels, which has lately been gaining momentum, is a natural economic condition which is a consequence of the saturnalia of buying in which the people of the United States indulged during and immediately after the close of the war. None but the foolhardy ever could be convinced that the conditions which obtained when the affairs of the world were abnormal, would continue when the laws of supply and demand began to assert themselves.

Business will right itself if left alone. Some people see cause for alarm in the fact that there are more men than jobs, but this is a much more healthful condition than having such a scarcity of laboring men, so long as the number of unemployed labor does not become too large. There are other signs which indicate that the present situation in the United States is nothing about which anyone need become hysterical.

It requires no selling argument to convince people that the basis of American prosperity is its crops, and it is an established fact that the producers of this land this year have harvested record yields. There is nothing very calamitous about official figures in regard to crops.

Preliminary estimates of the department of agriculture indicate that the corn, tobacco, rice, sweet potato, and pear crops are the greatest in the history of the country. Oats, barley, rye, potatoes, apples, and hay came very near their best records. Corn reached the scarcely imaginable total of 3,199,126,000 bushels, 75,000,000 bushels more than the record crop of 1912. The tobacco crop is estimated at 1,476,444,000 pounds, or 87,000,000 pounds above the record made last year. With 52,298,000 bushels of rice, the record crop of 1917 is exceeded by 12,000,000 bushels. Of sweet potatoes there are 105,558,000 bushels. Other estimates are: buckwheat, 14,321,000 bushels; potatoes, 421,252,000 bushels; apples, 236,167,000 bushels; peanuts, 37,499,000 bushels; flaxseed 10,736,000 bushels; sugar beets, 8,812,000 tons.

Closed Doors

Necessity, we are told, is the mother of invention. It may be. But be that as it may, the inability

to secure booze has converted many a family cellar or basement into a home brewery.

Old recipes have been dug up, new ones have been studied out, and the work of brewing the home drink goes merrily on—behind closed doors.

Thirst is a mighty hard thing to buck. It grips you, and tears you, and demands insistently that it be quenched, it is said.

And water, some say, is a very weak and unsatisfactory substitute. Yes, home is a great institution in this happy land of ours, and the brilliancy of its inventive faculties is never dimmed.

Perhaps that is why they call it "home brew".

If we ever have another war we won't need an army. We have enough speed maniacs in this country to ride right over and exterminate any enemy—just as they do old people and little children.

'Tis said that anthropologists are making another effort to locate the original Garden of Eden. And if they find Eve at home here's hoping their eyesight won't suffer.

Necessity, they say, is the mother of invention. But it is not always the father of failures.

Some men are always ready to listen to reason—of their own brand.

SOME SNAPPY SAYINGS ABOUT SHORT SKIRTS

The sights presented by the short skirts the dear girls are wearing nowadays, reminds us of the following item:

Some of our trees ought to be pinched for reckless display of limbs. They fairly flaunt them in your face as you walk along the sidewalk.

ALBILENE (TEXAS) REPORTER

How aptly these sentiments apply to the "Silks" displayed on our streets nowadays. With true proof from observation, we contend that the girls, fifteen or fifty, are beating the trees' display of limbs by several points, especially around the curves. This fashion topic about the brevity of skirt lengths is proving a sure-fire laugh-getter in "Topics of the Day" films when shown on the silver-sheet in the Nation's theatres. We cannot give you an "eye-ful" here. So the Daily Republican presents herewith, the latest quips of newspaper paragraphers along the lines of short skirts, in the firm belief that you will enjoy the nice smooth, glossy finish.

Extravagance: Where a shapely girl wearing a short skirt buys an expensive hat, 'cause that isn't where men look. THE SUN-DIAL

In its Men-tal appeal, the narrow one-piece short skirt of the winter season is on a parallel with the snug fitting one-piece bathing suit of last summer. RUTGERSON

Girls may carry concealed arms, but many of them surely do not carry concealed legs. NORTH ADAMS (MASS) HERALD

It's a long skirt that causes no turning. NEW YORK GLOBE

"Have you frog's legs"? Asked the man in the restaurant. "No, I ain't, smarty! My short skirts makes 'em look that way," snapped the waitress.

NEW CASTLE HERALD

Skirts may rise or skirts may fall but men will rubber ever. PELICAN

My ma says: "Now you're a big girl, Bess, and you'll have to wear a knee-length dress." LOUISVILLE TIMES

If the girls continue wearing their snappy styles—the low neck and the high skirt will soon be within hailing distance of each other. NORTH ADAMS (MASS) HERALD

If skirts keep going up, stockings will have a hard time following. CLEVELAND PRESS

FAITH IN FUTURE OF AMERICA SEEN

George M. Wilbur, Prominent Ohio Farmer, Believes New Administration Will Remedy Things

SPEAKS TO ROTARY CLUB

Farmers Owe it to Themselves to Arouse Intelligence of American People, He Says

Indianapolis, Ind., Dec. 7.—Direct from his Ohio farm near Marysville, George M. Wilbur today declared to Indianapolis Rotarians his abiding faith in the future of America and the belief that officers, elected recently at what he termed a meeting of the nation's stockholders, will remedy some things which have had to do with present conditions. In Mr. Wilbur, the Rotarians saw a Buckeye farmer who may be called into the Harding cabinet as Secretary of Agriculture.

It was a pledge of aggressive procedure that the rural visitor brought from the neighboring state. Speaking as a farmer, he asserted: "We are going to be up-and-at it. This country will be in good shape again one of these days. We farmers are willing to do our part but bankers, in connection with the government, must assist us to finance ourselves better so that we will not be compelled to sacrifice our cattle, corn and wheat as we have been doing lately. Agriculture is the salvation of this nation and any assistance rendered agriculture will be reflected back to you many fold."

Farmers owe it to themselves, said Mr. Wilbur, to arouse the intelligence of the American people. It is incumbent upon them to make their propositions clear to the entire public, not stopping with that which is reached by agricultural and rural lines for scattering information.

"Congress, which reconvened yesterday should lose no time in taking up at least three outstanding questions," continued Mr. Wilbur. "Foremost is that involving a system of European credits, so that penniless nations across the Atlantic can have

A wedding of interest to many friends in this city was performed Sunday at high noon at the home of Mr. and Mrs. L. A. Frazee in Connorsville when Miss Essie May Frazee was united in marriage to J. C. Johnston, also of Connorsville. The home was artistically decorated with ferns, chrysanthemums and roses for the occasion. Preceding the ceremony, Miss Dorothy Frazee of this city, cousin of the bride, played a group of bridal airs and at the entrance of the bridal party she played Lohengrin's wedding march. The attendants of the bridal couple were Miss Aliene Logan Gillespie and Miss Mary Ellen Willis of Indianapolis, ushers; Miss Hulda Pepper, Connorsville, bridesmaid; Mrs. Mar-

jorie Arbuckle, Connorsville, matron of honor; Miss Mary Rosalind Barrows, flower girl, and Howard Hurst, best man. The Rev. J. G. Smith of the Central Christian church performed the double ring ceremony.

Following the wedding a four course turkey dinner was served. Among the guests present for the affair were Mr. and Mrs. John P. Frazee and Mr. and Mrs. Austin Frazee and daughter Dorothy of this city.

FULL Automatic Starts and Stops Itself

Not Merely "Self Starting"

THE Matthews "Automatic Caretaker" requires no prompting from the human brain in the recharging of the storage batteries. Long before they are exhausted to the danger point the "Automatic Caretaker," of its own accord, automatically starts the engine recharging the batteries. And it automatically stops recharging when the batteries are full. A "self-starting" plant depends on some one's memory. The "Automatic Caretaker" can be obtained with

MATTHEWS FULL AUTOMATIC ELECTRIC LIGHT AND POWER PLANTS

When batteries are in danger of heating through overload the "Automatic Caretaker" instantly starts the generator which takes ALL the load. If the drain is still too heavy, the batteries are automatically "cut in" again and help the generator. Any plant that does less than this is NOT Full Automatic and is out of date the day it is installed.

Matthews rating is based on generator capacity ALONE—batteries being a reserve supply. Six sizes, \$45 upwards. Ask the Matthews dealer for Demonstration. Write for Free Booklet "A Full Automatic—starts and stops itself—not merely self-starting."

WILL REMEMBER THE SENATE'S POSITION

Harding in Informal Talk Says he Will be Mindful of its Responsibilities

FIRST SENATOR TO BE ELECT

Washington, Dec. 7.—President-elect Warren G. Harding, in the brief informal talk he made at the opening of the senate Monday afternoon, told his colleagues that he would always be mindful of the senate's place and its responsibility in the government. He also stated he would remember their responsibility and wanted the senate to remember he was president. He requested cooperation, declaring it was not necessary for either congress or the executive to surrender to the other. Harding also urged the senate to make the remaining three months of the Wilson administration a fruitful time instead of so much waste.

The senator's speech was made after Senator Lodge asked the chamber to recognize the senator from Ohio. Senator Lodge in asking recognition could not refrain from calling attention to the fact that it was "a memorable occasion for it is the first time a member of this body has been elected president. He is here and it is the desire of the chamber that he give an informal speech to the senate before he leaves his services here".

Vice-president Marshall went to Harding's seat and escorted him to the platform. There were renewed outbursts of cheers when the senator took his place on the platform. Harding appeared nervous before he began to speak and again at the close.

When he finished his speech the entire senate rose and applauded and the senator was surrounded by his colleagues eager to shake his hand.

PETE, HERE'S WORD FROM THE WOODS!

Moose Head Lake
Maine

Certainly slipped, on not tipping you that Mr. Bacon invited me to join his shooting party up here. Arrived at his Northeast Carry camp at sunset yesterday. And a riot started before we squared up to the venison steak! Listen, old bull pup—my tale's short!

Bleak Nixon, chief guide, while unpacking, made the terrible discovery that all the Camel cigarette supplies had been swiped in transit! Never heard such a howl as the whole outfit set up! Nixon swore in Indian-plus-Canuck! Just wouldn't be pacified! Bleak's been rooting for Camels since November, 1915. Says there never was such smoothness, or refreshing flavor, or mild body in a cigarette as Camels provide! (Pete, Bleak is O. K. on that). While the row was on what does Nixon do but hop into his canoe and disappear into the depths of the dark, dank night!

About three this morning there was a roar such as no man ever heard in the wild woods! It was Nixon yelling like a double-decked bull moose! That bird had crossed the lake, picked up a trail and beat it to a little way-back store where he got the boss out of bed and made him come across with all the Camels he had. The storekeeper kicked like a handfull of aces—but, Bleak always gets what he goes after! It's the nerve, old tooth! And, now we're all filled with the milk of human kindness and Camel contentment! We'll get game!

Peter, think of digging up a bunch of Camels in the depth of Maine's densest woods! And, that's the way it is all over the U. S. A.! You're never out of luck when you smoke Camels! Peter, old hub, I've spoke—as the cook puts it!

Back in New York—well,—soon!
Your old pal

Amusements

Billie Burke at the Princess

Billie Burke in the sprightly Paramount picture, "The Frisky Mrs. Johnson," will be the attraction at the Princess Theater for the last showing today. The adaptation was made by Lawrence McClosky and Edward Dillon was the director.

In this picture Miss Burke has an altogether new role, one that displays her more serious rather than her lighter qualities. She is a fascinating American widow who is known in Paris as "frisky," and the story concerns her efforts to save her sister from disgrace, even at the risk of losing the man she loves.

Needless to say, Miss Burke wears some of the most attractive Parisian gowns ever seen on the screen. Ward Crane is leading man.

Good Picture at The Mystic

Psychic phenomena—some call it spiritualism—seems not very improbable when seen on the screen. Marjorie Rambeau, described by leading dramatic critics as the greatest emotional actress of the American stage, makes it very real in her photoplay version of "The Fortune Teller," the Broadway success which gained for her the admiration of a worshipping public.

As the name of the picture which opened at the Mystic Theatre yesterday—indicates the heroine (Miss Rambeau) is a fortune teller. She reads what the cards say at first for her own amusement, but when the cards repeatedly foretell trouble, and eventually the prophecy comes true she becomes a professional fortune teller, a "seeress".

It is while she is following her profession that an exigency arises where her psychic powers are actually put to the test. How she meets the test remains for the picture to reveal, but it may be said that the revelation cannot fail but make a strong impression on the spectator, an impression that remains even after he has left the theatre.

Many "big moments" of the play hinge on psychic phenomena. But coupled with this subject upon which so many articles have been

written and which has been so meticulously explained by Sir Oliver Lodge, the British scientist in his lecture tour of America, is one that is deeper but easier to understand—mother-love.

"Buddies" at Murat

After twelve consecutive months in the Selwyn Theatre, New York, "Buddies", the biggest theatrical hit of last season, has started its tour of the leading cities of America, and will be the attraction at the Shubert-Murat Theatre, Indianapolis, for a week's engagement commencing Monday, Dec. 13, with a popular matinee on Wednesday and Saturday.

While "Buddies" is not strictly speaking a musical comedy, it may be accurately described as a comedy with music, which merely means that the artistic unities of the plot are not destroyed by irrelevant songs every few minutes. To the contrary, Mr. Hobart has written one of the tenderest romances the stage has ever known, injecting into it splendid opportunity for character portrayal, and threading it with a never ceasing vein of rich humor. The scene of "Buddies" is quaint Brittany; its heroine a peasant maid of this devastated land, and the hero an American soldier billeted in her home just after the signing of the armistice. Julie's problems spring from the exasperating shyness of her soldier lover, which proves apparently an insurmountable barrier to the declaration of his intentions and the machinations of the dyed-in-the-wool villain who is intent upon ruining the good name of Julie's twin brother (who has given his life for France) unless she will marry him. The young American's "Buddies" do all they can to forward the romance, one of them even going so far as to involve his own personal happiness by aiding his pal. And as they prove their loyalty, the audience learns much of their life in France; their home doings; their unfailing good humor; and their quick response to melody. More as an interpolation of the beautiful story than as an irrelevant composition. Mr. Hillman has written his delightfully melodious score, and both story and music will be interpreted here by the same inimitable company of players which won the heart of New York for twelve unbroken months.

SAYS PROSECUTIONS WILL NOT BE STOPPED

Federal Grand Jury Will Continue to Indict Alleged Violators of Lever Law

JUDGE ANDERSON INSTRUCTS

Indianapolis, Ind., Dec. 7—That the government will not abandon prosecution of the coal operators and coal miners, all alleged violators of the Lever law, despite the order of Attorney General Palmer, to withhold certain evidence, was the conclusion drawn by the special instructions which District Judge A. B. Anderson gave the federal grand jury convening here Monday.

Following the empanelling of the jury, District Attorney Fred VanNuys announced that when the case was called for trial January 10 the government would move continuance of the case on the grounds that the grand jury was making further investigations through the evidence of more violations by the coal men.

Judge Anderson instructed the grand jury to give first attention to the routine matters and when that was finished they could proceed to investigate the alleged violations of the federal statute growing out of the coal business.

VanNuys refused to elaborate on the court's statement. Persons close to the matter were of the opinion that government authorities intended to go ahead with their prosecution of the 125 coal men charged with conspiracy to violate the Lever law.

Conservation Department

LARGEST NUMBER RAISED

Indicate Hunting License Sale
Will Make New Record

Indianapolis, Ind., Dec. 7.—Indiana's four fish hatcheries propagated and reared 771,266 baby game fish during the season of 1920, a report submitted to the conservation department by George Berg, superintendent of hatcheries, states. This is the largest number ever raised since the State began fish culture in 1911 and is against 244,235 raised last year. The fish were planted in the various lakes and streams throughout the state.

Bass Lake hatchery next year will be devoted exclusively to the propagation of small-mouth bass, owing to a greater demand for this species by sportsmen of the state. Three additional ponds for rearing baby fish will be made.

Superintendent Mannfeld of the division of fish and game is preparing plans for augmenting the work at the State Game Experiment Station in Montgomery county. On this 500-acre preserve the state experiments at raising in captivity all kinds of wild game birds and small fur-bearers. The knowledge acquired is disseminated amongst those desiring to raise fur-bearing animals for the trade.

Reports reaching M. Mannfeld's office indicate that hunting license sales will establish a record this season. Many counties report an unusually heavy sale prior to the opening of the quail season. Hunters generally see the foolishness of

Miami County to Stage an Automobile Drive For Sale of Tuberculosis Seals

PERU TO STAGE DRIVE

Indianapolis, Ind., Dec. 7.—The 1920 Christmas Seal Sale throughout Indiana has produced already some of the most novel ideas for distributing and advertising the little holiday stickers that ever have been used in any state, a bulletin from the Indiana Tuberculosis Association issued today pointed out.

Murray A. Auerbach, executive secretary of the state association, tells of the plans of the Miami County Tuberculosis Association to stage an automobile drive for the sale of the Seals on Tuberculosis. At a recent meeting at Peru, an organization of the business men of the town, impressed with the necessity for strenuous work in the county for better health records than have hitherto been possible, volunteered their own services for the afternoon of Tuberculosis Sunday, and each announced he would use his own automobile as a vehicle for selling Seals throughout the city and the rural districts surrounding Peru.

Hundreds of dollars worth of Seals will be sold that afternoon, as a result of the business men's program, Mr. Auerbach reported, following the meeting there.

President in Message to Congress
Calls For Legislation to Make
Democracy Prevail

SAYS TWO COURSES ARE OPEN

United States May Set Example in
Own Borders and Stand For
Justice Toward Others

Washington, Dec. 7.—Here are the outstanding points of President Wilson's message:

The day has come when democracy is being put to its final test. I earnestly hope that the first step taken by the present congress will be to pass the budget bill.

The fundamental facts which at present dominate the government's financial situation are the seven and one-half billion dollars of this war indebtedness to be paid off in the next two and one-half years.

Simplification of the income and excess profits tax has become an immediate necessity. In brief, the immediate legislative needs of the time is the removal of all obstacles to the realization of our best ambition for our people.

I earnestly suggest that the congress authorize the treasury to make to the struggling government of Armenia such a loan as made to several allied governments during the war.

It is now our liberty and our duty to keep our promise to the Filipinos, by granting them the independence which they so earnestly covet.

(By United Press)

Washington, Dec. 7.—President Wilson today called on congress to enact a program of legislation which he said would put the United States in the forefront of a move to make the spiritual power of democracy prevail throughout the world.

In his final regular message to congress which was sent to the two houses today by messenger, the president said there are two ways in which the United States can lead in establishing the doctrine of "right makes might in the world." These ways he said are:

First, by offering the example within her own border of the will and power of democracy to make and enforce laws which are unquestionably just and which are equal in their administration.

Second, by standing by right and justice as toward individual nations.

The president declared that the display of an immediate disposition on the part of congress to remedy any injustice or evil that may have shown themselves in our national light will afford much effective offset to forces of chaos and tyranny which are playing so disastrous a part in the fortunes of free people in more than one part of the world.

Wilson did not mention the peace treaty nor the league of nations in his message but submitted the following program to carry out the aims he outlines.

- 1—Immediate passage of the budget bill.
- 2—Strict economy in government appropriations.
- 3—Immediate revision of tax laws.
- 4—Immediate provisions for disabled soldiers and sailors.
- 5—A government loan to Armenia.
- 6—Granting of independence to the Philippines.

In addition, the president repeated recommendations he made in previous messages urging encouragement of manufacturing of dye stuffs and related chemicals in control of the cold storage and federal licenses for all corporations engaged in interstate commerce as a means of reducing the cost of living.

Elizabeth Mitchell Loses Suit For Possession Against Fanny Ayres.

The case of Mrs. Elizabeth Mitchell against Mrs. Fanny Ayres which was tried yesterday afternoon in Squire Stech's court, was decided in favor of the defendant. It developed that the house over which the case involved, was rented in September and that 90 days' written notice to vacate was not given. The decision of the court gives the defendant right to occupy the property until next September.

Jasper D. Case today filed suit in this court against Walter Meredith of Milroy, for possession of a house and for \$200 damages. The complaint states that the rent is in arrears and that the defendant tore down a barn and used it for his own use, and for these two causes the plaintiff seeks \$200 damages. The trial was set for Monday afternoon at 1 o'clock.

FAILS TO PAY COURT COSTS AND IS JAILED

Howard Schoemel Goes to Jail Because He Didn't Make Payments Due in Circuit Court

CASE HEARD ON SEPT. 23

Howard Schoemel was arrested yesterday afternoon, late in Connersville by Deputy Sheriff Hugh Jones, on a bench warrant from the circuit court, charging him with failing to pay his fine and court costs in a case in the juvenile court, in which a jury found him guilty of child neglect on September 23. It will be recalled that Schoemel and his wife were arraigned in court on that date, after neighbors living in the vicinity of the Havens school building had complained to authorities about the parents, abusing a three year old baby.

The jury which heard the case against the parents in the juvenile court found Mr. Schoemel guilty but Mrs. Schoemel was found not guilty. The fine was placed at \$25 and costs, which in all amounted to \$77.20. The defendant paid \$10, and a balance of \$67.20 remains unpaid. As the defendant has had over two months to make payment on the remainder, his arrest was ordered, and he will be compelled to remain in jail 67 days or pay the costs.

The family reside in West Third street, and Schoemel was employed in Connersville, where he was arrested.

FRED NIXON DIES IN NEW YORK HOSPITAL

Former Rushville Man Expires of Cancer of The Throat Following an Operation

STANDARD OIL CO. EMPLOYEE

Word has been received here of the death of Fred Nixon, formerly of this city, at a New York hospital following an operation for cancer of the throat. Mr. Nixon had lived for a number of years at New York where he was employed at the general offices of the Standard Oil Company at 26 Broadway. The deceased was married and is survived by the widow and children.

Fred Nixon was a son of Mr. and Mrs. Charles O. Nixon and came to Rushville from Carthage, where he was born, with his father who served as recorder of Rush county several years ago. He attended the local public schools, later moved to Indianapolis and went from there to New York. He spent about three years in Central and South America in the employ of the Standard Oil company.

He is survived by his father C. O. Nixon, and a sister Grace, in addition to the widow and children. He was a cousin of Bert Mullin of this city and a nephew of Lee Nixon at one time a federal officer in Porto Rico, but now of Indianapolis.

Funeral services and burial will be held in New York on Wednesday.

CHRISTMAS JUST 'ROUND THE CORNER

With Only Fifteen Days Left to Shop, People Begin to Prepare For Holiday Season

LOCAL STOCKS ARE FULL

Fact That Prices in Some Lines Are Lower Than Last Year Assures a Brisk Trade

Christmas is "just around the corner."

There is more truth in this assertion than some people may imagine. With only fifteen more days for shopping, patrons of Rushville stores are beginning to realize that the holidays are drawing near, although the weather gives no indication of it, and are already filling their Christmas needs.

It is a wise person who shops now because the local stocks, are complete. Merchants with their shelves and counters stacked high with holiday goods, are expecting a heavy Christmas trade, and a glimpse in the stores any day now will convince the most skeptical that they are not going to be disappointed.

There will be no need for Rushville people to shop elsewhere this year, for the local stores and shops are replete with choice Christmas supplies and if one is inclined, it will be an easy matter to make selections for the most fastidious person. For many months the merchants have been receiving holiday goods, and while they have not been displayed until the past few days, the supply is of the very best and sure to delight the hundreds who will participate in giving and exchanging Christmas presents.

The drygoods stores are taking on a lively atmosphere and already some of the merchants have engaged extra clerks to help during the holiday season. The novelty stores, the shoe stores, jewelry stores and even the candy stores are being brightened a little more each day by the appearance of bright Christmas trimmings and in a few days the Christmas decorating will begin in earnest. Red poinsettias, an exclusive indication of Christmas times, are being used to brighten every show window and counter in the stores and no one can enter a store in the entire city without being reminded of the approach of Christmas.

The merchants are preparing to take care of the Christmas trade and insofar as the prices in some lines of trade will be lower this year to some extent than for the past few years, makes it almost sure that the trade will be brisk. There has been a decline in prices in some lines and this with the special prices usually fixed for the holiday trade, the inducement will be doubly great.

This not only applies to lines of merchandise ready to wear goods and such, but to all articles even down to the great mass of articles at the five and ten cent stores. And that is where the kiddies will come in for their share of the profits this Christmas. Toys galore, tree trimmings more gorgeous than ever, dolls and everything can be had just a little cheaper and the tots who have saved up their pennies for many a long day for just such a time, will get their money's worth. Even candy is going to be had for less money, there already being a decline in the cheaper grades and this speaks well for the kids and some who are much older.

HOG CASE STARTS IN CIRCUIT COURT

Suit of Innis Against Colter and Archey For \$2,000 Damages Heard by Jury

TO LAST THROUGH WEDNESDAY

Names of Ten Special Jurymen For Account Suit to Start Wednesday Are Drawn

The case of Innis vs. Colter and Archey, in which the plaintiff seeks \$2,000 damages, began this morning in circuit court.

The plaintiffs, Alonzo Innis and Hubert Innis of Milroy, are suing Samuel Colter and Edgar Archey, alleging that they purchased hogs at a public sale held in Hope, Ind., which were diseased with cholera, and which were guaranteed to be double immunized.

The case is the second one of this nature which has been heard here, with the two defendants on trial for selling the hogs at the sale in Hope.

The case will probably occupy the court tomorrow and will not reach the jury until some time tomorrow afternoon. Several witnesses, including veterinarians, will be used by both sides during the trial.

The jury was empanelled shortly before ten o'clock this morning, and not much trouble was experienced in securing a jury.

The jurors selected are: Seth Moore, Mont Sefton, Will Bainbridge, John Ricketts, Charles French, Elijah Billings, Charles Leisure, S. R. Newhouse, Peter Holwell, J. A. Jones, W. A. Caldwell and Berry Osborne.

For the case Thursday of Morris vs. Wewee, ten special jurors were drawn and are as follows: Willard Amos, George Aultman, Aaron Wellman and Wood C. Bishop, all of Rushville township, Thomas E. Dyer of Posey; Orlando Nicholas, Union; John C. Benning, Orange; William M. Cassidy, Walker; John Smith, Jackson and Joseph Harcourt, Anderson.

This case is a suit on an account against Leonard Wewee, a farmer, which was filed by John B. Morris of this city, who alleges that payments on a motor tractor are past due and that he is unable to collect.

CONCERT COMPANY PLEAS

Entertainers on American Legion Course Warmly Received

The program by the June Elliott Concert company, second of the numbers of the American Legion lyceum course here this winter, was appreciated by a fair sized audience at the Graham Annex auditorium Monday evening.

The entertainers offered the most varied and attractive lot of instrumental and vocal music heard here for many months and the response it received disclosed the appreciation of the crowd. The numbers by Miss Elliott were especially pleasing and the work of the whole company was regarded as exceptional.

FUNERAL SERVICES TODAY

Held For Daniel Rader, Orange Township Man Dead at Newcastle

Short funeral services were held at Forest Hill cemetery in Shelbyville this afternoon for Daniel Rader, age eighty years, a former resident of Orange township, who died at the home of his son Sunday of a complication of diseases brought on by his advanced age.

The most of his life Mr. Rader lived just this side of the Rush-Shelby county line and had a wide acquaintance in both counties. He served during the civil war and was a member of the G. A. R. post at Shelbyville, which had charge of the services this afternoon. His wife died several years ago. Several sons and daughters survive.

NO SPECIAL TRAIN TO BE RUN

Railroads Want 125 Passengers For One to Columbus

The plans for running a special train to Columbus for the basketball game Friday night were dropped this afternoon when it was learned that the Pennsylvania or Big Four railroads wanted 125 tickets sold at the regular price, before considering the proposition. Those undertaking the plan were afraid that 125 tickets could not be sold. It was thought at first that probably 100 tickets could be sold, but either railroad would not run a train for less than 125 passengers. The basketball team will go to Columbus Friday night on the 4:45 Pennsylvania train and if enough fans accompany the team the game will be called early so that the return may be made by the way of Indianapolis on traction cars.

ACTION IS TAKEN ON TWO ROAD PETITIONS

Commissioners Approve Report of Reviewers on Roth Highway and Continue Further Steps

TWO BONDS ARE APPROVED

The county commissioners, at their regular December session Monday and this morning, approved the bonds of two county officials who take office January 1 and took action on two road petitions which were presented for their consideration.

The board examined and approved the report of the reviewers on the William E. Roth et al. macadam highway in Orange township and continued until a later date further steps in the proceedings. The supplemental report of the reviewers was also approved.

Preliminary matters being attended to in the petition of Fanny B. Wilson and others for a road in Ripley township, the question was referred to the viewers, Willard Amos and Homer Power, and the county engineer, Frank Catt.

Bonds of Loren Martin, clerk of the court for \$25,000 and Phil Wilk, auditor-elect, for \$10,000 were approved and accepted by the board.

URGED TO OPPOSE PROFIT TAX REPEAL

Farmers at American Farm Bureau Federation Convention Warned in Speech Today

FAVOR PROTECTIVE TARIFF

Pres. J. R. Howard Says Sentiment Solidifies Behind Program to Favor Agriculture

(By United Press)

Indianapolis, Ind., Dec. 7.—Farmers were urged to stand squarely against the proposal to repeal the excess profit tax and substitute a new one designed to make up the deficit in the federal revenue, by H. C. McKenzie of Walton, New York, chairman of the committee on taxation of the American Farm Bureau Federation, in a speech before today's session of the annual conference of the federation here.

McKenzie asserted that the move is being fostered by big business which is making an effort to shift the burden to the shoulders of the consumer.

Demands for a protective tariff covering the farmers' products are features of the conference.

President J. R. Howard declared today that sentiment from all sections of the country is solidifying behind the tariff program, although in the past farmers have been regarded as free traders.

"Our tariff demands are not radical," Howard said. "All that we want is tariff legislation as a protection to agricultural products."

ORIGIN OF FIRE A MYSTERY

Loss of \$131,500 Suffered in South Bend Business District Today

(By United Press)

South Bend, Ind., Dec. 7.—Detectives and police are trying to determine the origin of a mysterious fire causing a property loss estimated at \$131,500 this morning to a building in the heart of the business section of the city.

The main floor was occupied by stores and the second floor by the Auditorium theater, the largest moving picture house in the northern part of the state.

Police discovered the fire at 5:30 this morning and the firemen had it under control at 10 o'clock.

ALYEA IS SUED FOR A DIVORCE AND ALIMONY

Defendant in Conspiracy Case in Rush Circuit Court Accused by Anna Alyea

AWAY FROM HOME AT NIGHTS

Gregg Alyea of Greensburg, who is out on bond given in the Rush circuit court after his arrest on a conspiracy charge, was sued for divorce and \$2,000 alimony in the Deatur circuit court Monday.

The trial of Alyea, who was accused jointly with the Demaree brothers and others after their implication in robberies here, has never been set because arrangements have never been completed for a special judge. When the state and defense attorneys were unable to agree on a judge one was appointed by Gov. Goodrich at the request of Judge Sparks, but he has never qualified.

The plaintiff states that the defendant would remain away from home for several nights at a time and asked for meals to be prepared at any hour which the plaintiff claims she did. It is also alleged that the defendant expended the sum of \$100 per month on a large auto owned by him.

No Time For Pessimism

This is no time for pessimism. If we listen to the element today which is painting a black picture for the future, we are ruined. It is our duty as American citizens to take the position of the optimist—that is the only way to avoid depression and ruin.

Some of the metropolitan press can see nothing but despair ahead for American business. Why they should take that position, it is difficult to imagine. It is true that a readjustment is taking place, but it has been gradual and will continue to be if the American business men and the consumers sit tight and do not allow themselves to be swept off their feet by the yelping calamity howlers.

The movement of prices toward lower levels, which has lately been gaining momentum, is a natural economic condition which is a consequence of the saturnalia of buying in which the people of the United States indulged during and immediately after the close of the war. None but the foolhardy ever could be convinced that the conditions which obtained when the affairs of the world were abnormal, would continue when the laws of supply and demand began to assert themselves.

Business will right itself if left alone. Some people see cause for alarm in the fact that there are more men than jobs, but this is a much more healthful condition than having such a scarcity of laboring men, so long as the number of unemployed labor does not become too large. There are other signs which indicate that the present situation in the United States is nothing about which anyone need become hysterical.

It requires no selling argument to convince people that the basis of American prosperity is its crops, and it is an established fact that the producers of this land this year have harvested record yields. There is nothing very calamitous about official figures in regard to crops.

Preliminary estimates of the department of agriculture indicate that the corn, tobacco, rice, sweet potato, and pear crops are the greatest in the history of the country. Oats, barley, rye, potatoes, apples, and hay came very near their best records. Corn reached the scarcely imaginable total of 3,199,126,000 bushels, 75,000,000 bushels more than the record crop of 1912. The tobacco crop is estimated at 1,476,444,000 pounds, or 87,000,000 pounds above the record made last year. With 52,298,000 bushels of rice, the record crop of 1917 is exceeded by 12,000,000 bushels. Of sweet potatoes there are 105,558,000 bushels. Other estimates are: buckwheat, 14,321,000 bushels; potatoes, 421,252,000 bushels; apples, 236,167,000 bushels; peanuts, 37,499,000 bushels; flaxseed 10,736,000 bushels; sugar beets, 8,812,000 tons.

Closed Doors

Necessity, we are told, is the mother of invention. It may be. But be that as it may, the inability

to secure booze has converted many a family cellar or basement into a home brewery.

Old recipes have been dug up, new ones have been studied out, and the work of brewing the home drink goes merrily on—behind closed doors.

Thirst is a mighty hard thing to buck. It grips you, and tears you, and demands insistently that it be quenched, it is said.

And water, some say, is a very weak and unsatisfactory substitute. Yes, home is a great institution in this happy land of ours, and the brilliancy of its inventive faculties is never dimmed.

Perhaps that is why they call it "home brew".

If we ever have another war we won't need an army. We have enough speed maniacs in this country to ride right over and exterminate any enemy—just as they do old people and little children.

'Tis said that anthropologists are making another effort to locate the original Garden of Eden. And if they find Eve at home here's hoping their eyesight won't suffer.

Necessity, they say, is the mother of invention. But it is not always the father of failures.

Some men are always ready to listen to reason—of their own brand.

SOME SNAPPY SAYINGS ABOUT SHORT SKIRTS

The sights presented by the short skirts the dear girls are wearing now a days, reminds us of the following item:

Some of our trees ought to be pinched for reckless display of limbs. They fairly flaunt them in your face as you walk along the sidewalk.

ALBILENE (TEXAS) REPORTER

How aptly these sentiments apply to the "SKs" displayed on our streets nowadays. With true proof from observation, we contend that the girls, fifteen or fifty, are beating the trees' display of limbs by several points, especially around the curves. This fashion topic about the brevity of skirt lengths is proving a sure-fire laugh-getter in "Topics of the Day" films when shown on the silver-sheet in the Nation's theatres. We cannot give you an "eyeful" here. So the Daily Republican presents herewith, the latest quips of newspaper paragraphers along the lines of short skirts, in the firm belief that you will enjoy the nice smooth, glossy finish.

Extravagance! Where a shapely girl wearing a short skirt buys an expensive hat, 'cause that isn't where men look. THE SUN-DIAL

In its Men-tal appeal, the narrow one-piece short skirt of the winter season is on a parallel with the snug fitting one-piece bathing suit of last summer. RUTGERSON

Girls may carry concealed arms, but many of them surely do not carry concealed legs. NORTH ADAMS (MASS) HERALD

It's a long skirt that causes no turning. NEW YORK GLOBE

"Have you frog's legs?" Asked the man in the restaurant. "No, I ain't, smarty! My short skirts makes 'em look that way," snapped the waitress. NEW CASTLE HERALD

Skirts may rise or skirts may fall but men will rubber over. PELICAN

My ma says: "Now you're a big girl, Bass, and you'll have to wear a knee-length dress." LOUISVILLE TIMES

If the girls continue wearing their snappy styles—the low neck and the high skirt will soon be within hailing distance of each other. NORTH ADAMS (MASS) HERALD

If skirts keep going up, stockings will have a hard time following. CLEVELAND PRESS

The amount of trouble a man can survive after he gets used to it is amazing.

George M. Wilbur, Prominent Ohio Farmer, Believes New Administration Will Remedy Things

SPEAKS TO ROTARY CLUB

Farmers Owe it to Themselves to Arouse Intelligence of American People, He Says

Indianapolis, Ind., Dec. 7.—Direct from his Ohio farm near Marysville, George M. Wilbur today declared to Indianapolis Rotarians his abiding faith in the future of America and the belief that officers, elected recently at what he termed a meeting of the nation's stockholders, will remedy some things which have had to do with present conditions. In Mr. Wilbur, the Rotarians saw a Buckeye farmer who may be called into the Harding cabinet as Secretary of Agriculture.

It was a pledge of aggressive procedure that the rural visitor brought from the neighboring State. Speaking as a farmer, he asserted: "We are going to be up-and-at-it. This country will be in good shape again one of these days. We farmers are willing to do our part but bankers, in connection with the government, must assist us to finance ourselves better so that we will not be compelled to sacrifice our cattle, corn and wheat as we have been doing lately. Agriculture is the salvation of this nation and any assistance rendered agriculture will be reflected back to you many fold."

Farmers owe it to themselves, said Mr. Wilbur, to arouse the intelligence of the American people. It is incumbent upon them to make their propositions clear to the entire public, not stopping with that which is reached by agricultural and rural lines for scattering information.

"Congress, which reconvened yesterday should lose no time in taking up at least three outstanding questions," continued Mr. Wilbur. "Foremost is that involving a system of European credits, so that penniless nations across the Atlantic can have

Folly Came Home to Him.

When Charles V abdicated his throne and retired to the monastery of St. Juste, he amused himself by trying to learn watchmaking. present were Mrs. Byron Gates, Mrs. Alba Cassidy, Mrs. Oscar Miller, Mrs. Marion Fletcher, Mrs. Oliver Fletcher and three guests, Myrtle Clingman, Mrs. Lois Corrie and Ethel Posz. The club will be entertained December 16 at the home of Mrs. Albert Updike.

A wedding of interest to many friends in this city was performed Sunday at high noon at the home of Mr. and Mrs. L. A. Frazee in Connersville when Miss Essie May Frazee was united in marriage to J. C. Johnston, also of Connersville. The home was artistically decorated with ferns, chrysanthemums and roses for the occasion. Preceding the ceremony, Miss Dorothy Frazee of this city, cousin of the bride, played a group of bridal airs and at the entrance of the bridal party she played Lohengrin's wedding march. The attendants of the bridal couple were Miss Allene Logan Gillespie and Miss Mary Ellen Willis of Indianapolis, ushers; Miss Hulda Pepper, Connersville, bridesmaid; Mrs. Mar-

jorie Arbuckle, Connersville, matron of honor; Miss Mary Rosalind Barrows, flower girl, and Howard Hurst, best man. The Rev. J. G. Smith of the Central Christian church performed the double ring ceremony.

Following the wedding a four course turkey dinner was served. The bridal table was laid with twelve covers which included the bridal couple and their attendants and Miss Elizabeth Fisher, Miss Dorothy Frazee, Thomas Ludlow Johnston, John Wadsworth and Oliver Hamilton. Among the guests present for the affair were Mr. and Mrs. John P. Frazee and Mr. and Mrs. Austin Frazee and daughter Dorothy of this city.

Mr. and Mrs. Johnston left Sunday evening for a wedding trip to New Orleans, after which they will be at home to their friends in Connersville.

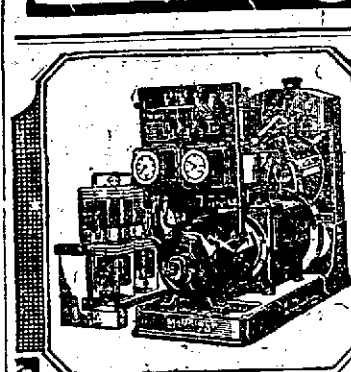

Alice—I don't know what to get Mary for Christmas.

FULL Automatic Starts and Stops Itself

Not Merely "Self Starting" The Matthews "Automatic Caretaker" requires no prompting from the human brain in the recharging of the storage batteries. Long before they are exhausted to the danger point the "Automatic Caretaker," of its own accord, automatically starts the engine recharging the batteries. And it automatically stops recharging when the batteries are full. A "self-starting" plant depends on some one's memory. The "Automatic Caretaker" can be obtained with Matthews.

MATTHEWS ELECTRIC LIGHT AND POWER PLANTS

When batteries are in danger of heating through overload the "Automatic Caretaker" instantly starts the generator which takes ALL the load. If the drain is still too heavy, the batteries are automatically "cut in" again and help the generator. Any plant that does less than this is NOT Full Automatic and is out of DATE the day it is installed.

Matthews rating is based on generator capacity ALONE—batteries being a separate supply. Sizes \$45 upwards. Ask the Matthews dealer for Demonstration. Write for Free Booklet "A" Full Automatic—starts and stops itself—not merely self-starting.

WILL REMEMBER THE SENATE'S POSITION

Harding in Informal Talk Says he Will be Mindful of its Responsibilities

FIRST SENATOR TO BE ELECT

Washington, Dec. 7.—President-elect Warren G. Harding, in the brief informal talk he made at the opening of the senate Monday afternoon, told his colleagues that he would always be mindful of the senate's place and its responsibility in the government. He also stated he would remember their responsibility and wanted the senate to remember he was president. He requested cooperation, declaring it was not necessary for either congress or the executive to surrender to the other. Harding also urged the senate to make the remaining three months of the Wilson administration a fruitful time instead of so much waste.

The senator's speech was made after Senator Lodge asked the chamber to recognize the senator from Ohio. Senator Lodge in asking recognition could not refrain from calling attention to the fact that it was "a memorable occasion for it is the first time a member of this body has been elected president. He is here, and it is the desire of the chamber that he give an informal speech to the senate before he leaves his services here".

Vice-president Marshall went to Harding's seat and escorted him to the platform. There were renewed outbursts of cheers when the senator took his place on the platform. Harding appeared nervous before he began to speak and again at the close.

When he finished his speech the entire senate rose and applauded and the senator was surrounded by his colleagues eager to shake his hand.

PETE, HERE'S WORD FROM THE WOODS!

Moose Head Lake
Maine

Certainly slipped, on not tipping you that Mr. Bacon invited me to join his shooting party up here. Arrived at his Northeast Carry camp at sunset yesterday. And a riot started before we squared up to the venison steak! Listen, old bull pup—my tale's short!

Bleak Nixon, chief guide, while unpacking, made the terrible discovery that all the Camel cigarette supplies had been swiped in transit! Never heard such a howl as the whole outfit set up! Nixon swore in Indian-plus-Canuck! Just wouldn't be pacified! Bleak's been rooting for Camels since November, 1915. Says there never was such smoothness, or refreshing flavor, or mild body in a cigarette as Camels provide! (Pete, Bleak is O. K. on that). While the row was on what does Nixon do but hop into his canoe and disappear into the depths of the dark, dank night!

About three this morning there was a roar such as no man ever heard in the wild woods! It was Nixon yelling like a double-decked bull moose! That bird had crossed the lake, picked up a trail and beat it to a little way-back store where he got the boss out of bed and made him come across with all the Camels he had. The storekeeper kicked like a handfull of aces—but, Bleak always gets what he goes after! It's the nerve, old tooth! And, now we're all filled with the milk of human kindness and Camel contentment! We'll get game!

Peter, think of digging up a bunch of Camels in the depth of Maine's densest woods! And, that's the way it is all over the U. S. A.! You're never out of luck when you smoke Camels! Peter, old hub, I've spoke—as the cook puts it!

Back in New York—well,—soon!
Your old pal

Billie Burke at the Princess

Billie Burke in the sprightly Paramount picture, "The Frisky Mrs. Johnson," will be the attraction at the Princess Theater for the last showing today. The adaptation was made by Lawrence McClosky and Edward Dillon was the director.

In this picture Miss Burke has an altogether new role, one that displays her more serious rather than her lighter qualities. She is a fascinating American widow who is known in Paris as "frisky," and the story concerns her efforts to save her sister from disgrace, even at the risk of losing the man she loves.

Needless to say, Miss Burke wears some of the most attractive Parisian gowns ever seen on the screen. Ward Crane is leading man.

Good Picture at The Mystic

Psychic phenomena—some call it spiritualism—seems not very improbable when seen on the screen. Marjorie Rambeau, described by leading dramatic critics as the greatest emotional actress of the American stage, makes it very real in her photoplay version of "The Fortune Teller," the Broadway success which gained for her the admiration of a worshipping public.

As the name of the picture which opened at the Mystic Theatre yesterday—indicates the heroine (Miss Rambeau) is a fortune teller. She reads what the cards say at first for her own amusement, but when the cards repeatedly foretell trouble and eventually the prophecy comes true she becomes a professional fortune teller, a "seeress".

It is while she is following her profession that an exigency arises where her psychic powers are actually put to the test. How she meets the test remains for the picture to reveal, but it may be said that the revelation cannot fail but make a strong impression on the spectator, an impression that remains even after he has left the theatre.

Many "big moments" of the play hinge on psychic phenomena. But coupled with this subject upon which so many articles have been

written and which has been so meticulously explained by Sir Oliver Lodge, the British scientist in his lecture tour of America, as one that is deeper but easier to understand—mother-love.

"Buddies" at Murat

After twelve consecutive months in the Selwyn Theatre, New York, "Buddies", the biggest theatrical hit of last season, has started its tour of the leading cities of America, and will be the attraction at the Shubert-Murat Theater, Indianapolis, for a week's engagement commencing Monday, Dec. 13, with a popular matinee on Wednesday and Saturday.

While "Buddies" is not strictly speaking a musical comedy, it may be accurately described as a comedy with music, which merely means that the artistic unities of the plot are not destroyed by irrelevant songs every few minutes. To the contrary, Mr. Hobart has written one of the tenderest romances, the stage has ever known, injecting into it splendid opportunity for character portrayal, and threading it with a never ceasing vein of rich humor. The scene of "Buddies" is quaint Brittany; its heroine a peasant maid of this devastated land, and the hero an American soldier billeted in her home just after the signing of the armistice. Julie's problems spring from the excruciating shyness of her soldier lover, which proves apparently an insurmountable barrier to the declaration of his intentions and the machinations of the dyed-in-the-wool villain who is intent upon ruining the good name of Julie's twin brother (who has given his life for France) unless she will marry him. The young American's "Buddies" do all they can to forward the romance, one of them even going so far as to involve his own personal happiness by aiding his pal. And as they prove their loyalty, the audience learns much of their life in France; their honey doings; their unflinching good humor; and their quick response to melody. More as an interpolation of the beautiful story than as an irrelevant composition, Mr. Hellman has written his delightfully melodious score, and both story and music will be interpreted here by the same inimitable company of players which won the heart of New York for twelve unbroken months.

SAYS PROSECUTIONS WILL NOT BE STOPPED

Federal Grand Jury Will Continue to Indict Alleged Violators of Lever Law

JUDGE ANDERSON INSTRUCTS

Indianapolis, Ind., Dec. 7.—That the government will not abandon prosecution of the coal operators and coal miners, all alleged violators of the Lever law, despite the order of Attorney General Palmer, to withhold certain evidence, was the conclusion drawn by the special instructions which District Judge A. B. Anderson gave the federal grand jury convening here Monday.

Following the empanelling of the jury, District Attorney Fred Van Nuys announced that when the case was called for trial January 10 the government would move continuance of the case on the grounds that the grand jury was making further investigations through the evidence of more violations by the coal men.

Judge Anderson instructed the grand jury to give first attention to the routine matters and when that was finished they could proceed to investigate the alleged violations of the federal statute growing out of the coal business.

Van Nuys refused to elaborate on the court's statement. Persons close to the matter were of the opinion that government authorities intended to go ahead with their prosecution of the 125 coal men charged with conspiracy to violate the Lever law.

He'd been kidnapped — shanghaied — his name, his girl and his millions stolen by a rascally double.

And when he escaped and returned to claim his own, the world called him a crook!

Beyond a question, the greatest role that Wallace Reid ever played. All action — alive with surprises and fun — and thrills for ten pictures!

REARED 771,266 BABY FISH IN 1920

George Berg, Superintendent of
Hatcheries Submits Report to
Conservation Department

LARGEST NUMBER RAISED

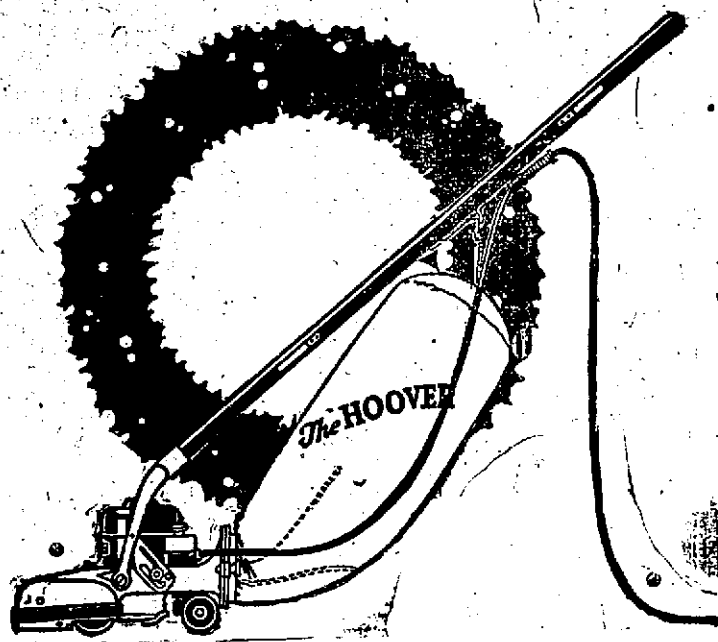

Reports Reaching Mannfeld's Office
Indicate Hunting License Sale
Will Make New Record

Indianapolis, Ind., Dec. 7.—Indiana's four fish hatcheries propagated and reared 771,266 baby game fish during the season of 1920, a report submitted to the conservation department by George Berg, superintendent of hatcheries, states. This is the largest number ever raised since the State began fish culture in 1911 and is against 244,235 raised last year. The fish were planted in the various lakes and streams throughout the state.

Bass Lake hatchery next year will be devoted exclusively to the propagation of small-mouth bass, owing to a greater demand for this species by sportsmen of the state. Three additional ponds for rearing baby fish will be made.

Superintendent Mannfeld of the division of fish and game is preparing plans for augmenting the work at the State Game Experiment Station in Montgomery county. On this 500-acre preserve the state experiments at raising in captivity all kinds of wild game birds and small fur-bearers. The knowledge acquired is disseminated amongst those desiring to raise fur-bearing animals for the trade.

Reports reaching M. Mannfeld's office indicate that hunting license sales will establish a record this season. Many counties report an unusually heavy sale prior to the opening of the quail season. Hunters generally see the foolishness of

She Wants a Hoover for Christmas

The world over, happy housewives are using The Hoover. The verdict of these housewives is that The Hoover is better made, simpler, easier to handle, and long-lived. They realize, too, that The Hoover, while cleaning thoroughly, acts gently, protecting the weaves and colors of their costliest rugs and hangings and so prolong their life. They like The Hoover because it takes the fatigue out of housework.

That is why your happiest choice of a Christmas present for your wife will be The Hoover.

attempting to hunt without a license which costs only \$1.00 and taking a chance of being arrested by wardens with a probable expense of \$20. Possessed of a license their chief worry is to gain permission of landowner or tenants. They are advised to always secure permission of the one in authority before going onto a farm, and then when it is obtained, to guard against damage to his stock.

ADOPT NOVEL IDEAS TO ADVERTISE SEALS

Miami County to Stage an Automobile Drive For Sale of Tuberculosis Seals

PERU TO STAGE DRIVE

Indianapolis, Ind., Dec. 7.—The 1920 Christmas Seal Sale throughout Indiana has produced already some of the most novel ideas for distributing and advertising the little holiday stickers that ever have been used in any state, a bulletin from the Indiana Tuberculosis Association issued today pointed out.

Murray A. Auerbach, executive secretary of the state association, tells of the plans of the Miami County Tuberculosis Association to stage an automobile drive for the sale of the Seals on Tuberculosis. At a recent meeting at Peru, an organization of the business men of the town, impressed with the necessity for strenuous work in the county for better health records than have hitherto been possible, volunteered their own services for the afternoon of Tuberculosis Sunday, and each announced he would use his own automobile as a vehicle for selling Seals throughout the city and the rural districts surrounding Peru.

Hundreds of dollars worth of Seals will be sold that afternoon, as a result of the business men's program, Mr. Auerbach reported, following the meeting there.
